```java
class Q4{
    public static void main (String args[]){

        int t = 1100;
        if (t>0500 && t<1200){
         System.out.println("Good Morning");
        }
        }
}
```
